S. Facts

In my being removed from the Wood, w what lead to my dismissal, on a day not very busy but busy enough for workers to be occupied with other task, while observing front and back of the house (kitchen) I then casually walked to the back door of the kitchen and noticed before helping Frederick Dennis, saw Braden Bradshaw and Robert McManam taking a smoke break 15 min before our official lunch break and sarcastically said Now that I've stopped smoking you guys are taking all the breaks.

④ Then about 6 min later Braden Bradshaw came in and started screaming making these obnoxious statement (perfomity) this is while I was helping Fred Dennis, and he proceeded to get in my face and I told him to get out of my face

- ⑥ After speaking w/ her she said she would look into it and later on the 22nd of Nov 2002, I was polled in to the office w/ the Human resources representative of Sodexo, co stating I was a threat to my co-workers and had to be removed
